

Design: **30 BEST OFFERS**  
Floors: **1**  
Gross area: **580 sq ft**  
Ridge height: **16'6" ft**  
Carport: **Yes**

24' x 24' extra heavy timber carport. 12" posts are made to impress. Made of high-quality GLT, species - northern white spruce. Use it as a carport for 2 cars or a pavilion to provide complete protection from the weather. Spend a crisp winter evening toasting marshmallows around an open fire, or get your family together for a summer barbecue. With a completely covered roof, you can enjoy your backyard in any season with the EcoHouseMart pavilion.

The stylish and superior quality EcoHouseMart Heavy Timber Carports are built from first-class northern white spruce with factory pre-cut joints and are built to last. Keep your vehicle screened from the sun in summer and protected from the elements in winter, this premium quality carport will offer a constant and mild air circulation to keep your car dry all year round. The heavy timber carport will look good in any setting. EcoHouseMart carports are made to measure in any size, so for a custom design please call us at (631) 552 5553.
