Engineered Log House Kit - Model 160, a charming and functional two-story home designed for comfort and style. This thoughtfully laid-out home features a spacious open-plan living area, seamlessly flowing into the kitchen and dining space, perfect for both relaxation and entertaining. The large windows bring in natural light, enhancing the cozy ambiance. With a traditional log exterior, this home exudes rustic beauty while offering modern living convenience. Ideal for family living or as a weekend retreat, the Model 160 provides durability, warmth, and a timeless appeal. Customize it to create the perfect space for your lifestyle.
