Engineered Log House Kit - Model 225-1, a stunning two-story home that combines rustic charm with modern living. The spacious open-plan design seamlessly connects a bright living area with a functional kitchen, while the second floor features cozy bedrooms and ample storage space. The traditional log exterior exudes timeless beauty, creating a welcoming atmosphere both inside and out. Perfect for families or as a weekend retreat, this high-quality engineered log kit ensures durability and long-lasting appeal. Customize the design to reflect your personal style and build the home you've always dreamed of!
