Engineered Log House Kit - Model 366, a beautifully crafted two-story home that combines traditional log cabin charm with modern functionality. The spacious open-plan design on the first floor features a welcoming living area, seamlessly flowing into the kitchen and dining spaces—perfect for family gatherings and entertaining. The second floor offers private, cozy bedrooms with ample storage, ensuring comfort and privacy. The striking log exterior enhances the natural beauty of your surroundings, creating a timeless and rustic aesthetic. Ideal for year-round living or as a peaceful retreat, the Model 366 is customizable to fit your unique lifestyle and preferences.
