Prefabricated Log House Kit - Model 503, a sturdy, durable home crafted from glue-laminated timber for enhanced strength. The open layout creates a spacious, welcoming living area. Glue-laminated timber ensures superior stability, resistance to warping, and long-lasting durability. Large windows fill the home with natural light, brightening every room. Ideal for families, the Model 503 offers lasting comfort and practicality. Its timeless design blends seamlessly with any environment. Choose this home for its strength, beauty, and reliability, perfect for year-round living.
